Dear Sir:

Listed on the attached PTO Form 1449 are additional references which have come to the attention of persons substantively involved in the preparation of the application identified above, and that a reasonable Examiner would consider important when deciding whether to allow the application. These references are not to be construed as a representation that a search to locate the

most relevant information has been made, nor a representation that more pertinent information does not exist.

Copies of the references listed on the attached PTO Form 1449 are provided herewith.

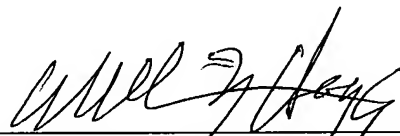

The identification of any information herein is not intended to be, and should not be understood as being, an admission that such information, in fact, constitutes "prior art" within the meaning of applicable law. The "prior art" status of any information is a matter to be resolved during prosecution.

This Supplemental Information Disclosure Statement is being filed prior to the mailing date of a first office action on the merits. Accordingly, the filing of this statement is timely pursuant to 37 C.F.R. 1.97, and it is not believed that any fee is required relative to the filing of this Supplemental Information Disclosure Statement. If this is not the case, the Patent Office is hereby authorized to charge any related fee to Deposit Account No. 500645.

Respectfully submitted,
